**ZAMAR®**

# FAST RECOVERY

## PERIOPERATIVE HOSPITAL CARE

### ZHC Computer Controlled Cryotherapy

- Real-time Temperature Management for Recovery process
- **READY** to use **CLOSED & CLEAN SYSTEM** preloaded with NON-TOX glycol

### WRAPS

- Direct point of contact with patient treated area
- Circulates cooled fluid from ZAMAR Device
- Single-patient use for safety and hygiene
- Dripless connection for practical use

### ZAMAR® HOSPITAL CARE

- The treatment is programmed to different body parts
- Simple, fast and user friendly software
- Intuitive function - no need for additional usage training and suitable for larger turnover of the personal
- No need for surveillance by the personal for long duration treatment

### How ZAMAR® Therapy Works

- Each patient receives a series of sessions during their hospital stay: before and after the surgery, following physical therapy, and for pain management

The sessions should be delivered pre- and post-operation on operation day and after physical therapy (PT) on recovery days, with the option for additional pain management as needed.

## REDUCTION OF **SWELLING** AND **PAIN** PROMOTES **FASTER RECOVERY**

### ZAMAR® Benefits

- Less medication needed to fight pain
- Better VAS (Visual Analog Scales of Pain)
- Better ROM (Range of movement)
- Faster recovery and return to normal activities
- Reduction in LOS (Length of Stay)
- Reduction of Pain Killer usage

## Features

<b>APPLICATION</b>	COLD & HOT
<b>TEMPERATURE RANGE</b>	0°C + 40°C (32°F 104°F)
<b>SCREEN</b>	LCD 5" color TouchScreen
<b>WRAPS</b>	Glycol Precharge
<b>Air Compression levels</b>	mmHg: 40 - 60 - 80
<b>Medical class for Applied Parts</b>	BF
<b>Glycol</b>	NON TOX freeze
<b>Working time</b>	up to 300 h.
<b>Number of Wraps</b>	up to 2
<b>Storable therapies</b>	1 +12
<b>DIMENSIONS</b>	cm. 27 x 22 (40x40) x 86h inch 11 x 9 (16x16) x 34h
<b>WEIGHT</b>	25 kg. - ( 55 lb.)

- LCD 5" , TFT color touch screen
- Easy Software, Intuitive Menu icons
- Possibility to select temperature and treatment time
- Possibility to manage different levels and Duration of the AIR compression
- 12 storable programs that can be customized by user
- Totally automated cycle management
- Fast connection of wraps and pipes with Dripless connectors
- Anatomic Wraps pre charge with glycol
- NON-TOX cooling glycol
- Low Noise System
